**SIXTH INFORMATION DISCLOSURE STATEMENT**

Dear Sir:

Submitted herewith is one (1) sheet of a modified Form PTO-1449. A copy of each non-U.S. Patent document cited on the Form PTO-1449 is also submitted. Moreover, an English translation of Japanese Publication No. 61-105768 is also submitted herewith. In accordance with the Patent Rules, a paper copy of the U.S. patent listed on the modified Form PTO-1449 is not attached. (See, 37 C.F.R. §1.98(a)(2)). Should the Examiner desire a paper copy of the U.S. Patent 6,270,308, kindly contact the undersigned.

Notably, it is believed that U.S. Patent 6,270,308 corresponds to Japanese Publication No. JP 2000161197 (which, in addition to U.S. Patent 6,270,308, is also listed on the attached modified Form PTO-1449).

The documents identified on modified Form PTO-1449 were presented/cited during the prosecution of a Japanese patent application corresponding or relating to the above-referenced patent application.

It is believed that the Examiner may find the documents identified in the modified Form PTO-1449 material to the patentability of one or more of the claims in the above-referenced application. Accordingly, it is respectfully requested that the Examiner make his/her consideration of these documents formally of record with the next Office Action.
